WHY DO WE ONLY SERVE RIBS ON FRIDAYS AND SATURDAYS?

Unlike the "OTHER" places, we serve our competition style ribs right out of the smoker. Our hand trimmed spare ribs are larger and meatier than the rest... come and taste the difference. In order to have ribs available at any time of the day or night, compromises must be made. Pre-cooked, factory made, boil-in-bag or steaming just doesn't cut it. Ribs come in many styles like spare rib and Baby Back. They refer to the cut or where it comes off the hog. St. Louis cut refers to how a spare rib is trimmed. We hand trim full spare ribs to a custom St. Louis style cut that gives you a maximum size rib with the most meat you will ever find.
